ABOUT NAIPC

The National Aging in Place Council is a not-for-profit senior support network. We work together to solve your problems. NAIPC was founded on the belief that an overwhelming majority of older Americans want to remain in their homes for as long as possible, but lack awareness of home and community-based services that make independent living possible.

If that is your goal, we urge you to take advantage of our senior support network. Our members are experts in healthcare, financial services, elder law, design and home remodeling, to name a few. We are dedicated to helping meet the needs of our aging population and assist you so that you can remain independent in the housing of your choice.

About Our Local Chapter:

Our chapter’s mission is to make aging in place a viable option in San Diego through education and advocacy. Our members are dedicated to person-centered care that supports a senior’s choice to remain in their home as they age.

We have established a growing network of vetted professionals from the private, public, and non-profit sectors who can help San Diego’s seniors plan for their future housing and care needs.
